
ISO 9712/EN473

Vad är på gång

ISO 9712/EN473

Arbetsgrupperna

ISO/TC 135/WG 3 och CEN/TC 138/AHG 9

Har gett ut Doc No N026

Det är en sammanslagning av dessa 2 standarder

Dessa grupper anser att standardens gemensamma namn blir EN ISO 9712

ISO 9712/EN473

Vad blir ändrat i förhållande till EN 473

5.5.3 d, Employer

Ensuring that any level 3 who, as a part of his normal duties, is required to operate NDT equipment and accept tested hardware holds a valid level 2 certification covering the testing work that he undertakes

ISO 9712/EN473

6.3.3 Levels of qualification

Where NDT equipment operation and accepting tested hardware is required as a part of the level 3's duties, he shall in addition hold a valid level 2 certification

ISO 9712/EN473

7.2.2 Training

For level 3 qualification can be achieved in different ways:

attending training courses, conferences or seminars, studying books, etc.

Level 1 UT and RT, 40 hours (EN 473, UT 64 hours, RT 72 hours)

All levels:

If not adequate mathematic skill, material and processes,

additional training hours can be required by the certification body.

ISO 9712/EN473

9.3 Digital certificates

I övrigt en hel del omskrivningar men med samma
Innebörd.

ISO/DIS 11774

Non-destructive testing-
Performance based qualification

Kommer ut på slutlig omröstning, -snart

Kan kanske vara utgiven sommaren 2011
